

THE ADVOCATE.

HARRIS & MASON, Proprietors.

MT. STERLING, TUESDAY, OCT. 27, 1891.

FOR PRESIDENT.
GROVER CLEVELAND,
Of New York.FOR VICE - PRESIDENT,
JOHN G. CARLISLE,
Of Kentucky.

Newspaper Ethics.

A newspaper gains neither character nor influence by abandoning good manners. It may indeed make itself disagreeable and annoying, and so silence opposition, as a polecat may effectually close the wood path which you have designed to take. It may be feared, and in the same way as that animal—feared and despised. But this effect must not be confounded with newspaper power and influence. It is exceedingly annoying, undoubtedly, to be placarded all over town as a liar or a donkey, a hypocrite or a sneak-thief. But, although the effect is very unpleasant, very little ability is required to produce it. A little paper and printing, a little paste, and a great deal of malice are all that are needed, and even the pecuniary cost is not large. The effect is produced, but it does not show ability or force or influence upon the part of its producer.

—[George William Curtis, in Harper's]

The tobacco growers of this and adjoining counties are all, more or less, interested in the success of the Growers' Tobacco Warehouse of Louisville. They have all watched the war made on this house by the Exchange warehouses, and desire to keep posted on what is being done. We are in receipt of a private letter from our friend, L. B. A. Tracy, solicitor for the Growers' House. Whilst this letter is not written for publication, we take the liberty of giving our friends some extracts from it. He says: "I received a letter from the manager of the Growers' House last night, saying 'the war of the Tobacco Exchange is over, several of the principal Exchange brokers bought tobacco at the Growers' House to-day, including Mr. Landrum, the President of the Exchange. Several other leading brokers assured us to-night that they would be at all our sales hereafter and give the Growers' House some of the best sales it has had.' The cause of all this is that they (the Exchange Warehouse men) have found out that after the meeting of the Manufacturers Association, to be held the first Monday in November, that the manufacturers' buyers would see to it that the boycott attempted to be enforced against the Growers' House was effectually broken off, and they came to the conclusion it was better to stop this thing lest a worse evil overtake them." It seems to us that the so-called Exchange Warehouses have taken the surest way to advertise the Growers' House. It was a foregone conclusion when the war began if the Growers' could live a few months, that they must be greatly benefitted by the amount of attention they were receiving from the opposition warehouses. It simply remains for the Exchange warehouses to come to the rates charged by the Growers' House or see almost the entire tobacco sales drift into their hands.

The papers from every portion of the State are not slow to emphasize the fact that the people think the time has come when the Legislature of the State shall take such steps as shall force the railroads to furnish separate coaches for the whites and negroes. The shooting of Miss McEwan by a nigger on an L. & N. train, the night of the Sattelites' Ball, emphasized this fact in the minds of the people, and they will demand that it shall be done.

One year ago men posing as reformers were going all over this country asking men to join the Alliance, assuring them that it would not interfere with their religion or politics. To-day they assert that no man can be a good member of the Alliance and vote with either of the old parties. We are the men who will most seriously injure the Alliance and drive its best members from it.—[Farmer's Advocate Journal.]

Children Cry for Pitcher's Castoria.

HORSE AND TRACK.

Arion (2), 2:14.
Bell Bird (1), 2:26.
Sunol now holds the record of the world, 2:08.

The record of Grant's Abdallah has gone down to 2:13.

Six of Strathmore's get have taken records better than 2:30 this year.

Eight trotters and one pacer by Alcyone have made records better than 2:30 this year.

Cyclone has already been credited with two three-year-olds and one two-year-old that have beaten 2:30 in 1891.

The American trotter has become an article of luxury in every civilized county; this accounts for the stimulated trade in the export line.

Direct defeated Hal Pointer in three straight heats at Nashville; time, 2:04, 2:10 and 2:11. 2:09 is the fastest time ever made in a race.

When Arion trotted a mile in 2:15, on the kite track at Stockton, Cal., last week, he broke two great records, that for two-year-old colts held by Monbars, and that for all two-year-olds, held by Sunol.

The transfers of horseflesh are estimated to amount to over \$2,000,000 in Vermont the past year, and horse-raising now takes precedence of all other animal industries in the Green Mountain State.

C. W. Williams on his return to Independence, took with him Ralph Wilkes (2) 2:21, and Allie Wilkes, 2:19. Both of these colts are by the great Red Wilkes, and Mr. Williams will try and lower their records before the season closes.

When John Goldsmith heard that Bell Bird had beaten the yearling record of the World and deprived Freedom of the honors which he gave him last year, he said that it was possible for a yearling to trot a mile 2:25, and he thinks that had Freedom been pushed he could have gone a mile that fast.

Lloyd, Wood & Co., who bought Folly, 2:21, by Happy Medium, at Bean Bros. sale for \$2,000, are thinking of sending her to Mr. Williams, at Independence, next season to be trained on the kite-shaped track. She will be bred to Allerton, 2:09, in the spring, and then sent for a fast mark. She will in all probability trot in 2:15, if she keeps right.

On the day that Allerton met and defeated Nelson Mr. Nelson weighed 170 pounds and Mr. Williams 165 pounds, just five pounds difference. And thus another vainglorious boast of the Maine man vanishes into thin air. Even Nelson himself will hardly care to claim that the handicap of five pounds materially affected the result of the race.

Age considered no horse in the world ever displayed the prepotency of Red Wilkes so far as speed in his immediate progeny is concerned. Though but seventeen years old, he has 63 2:30 performers on his roll of honor, and not a week passes that does not witness material additions to it. As a progenitor of speed he is the best son of George Wilkes and the best son of Hambletonian 10.

The race between the leading sires this year as to the number going in 2:30 list is sharp. Electioneer at the present time is one in the lead. He has put in twenty-seven and now has 282 3:00 performers. Red Wilkes is a close second, with twenty-six this season, and has 63 2:30 performers. Nutwood, who has more in 2:30 list than any living stallion, has put in 16 this year, and has sixty-seven in all.

W. S. Hobart, of San Francisco, and owner of Stamboul, 2:11, bought some gilt-edged ones during the trotting meeting at Lexington, Ky. Since Arion's 2:14, Nutwood mares are in great demand and bring fancy prices. Mr. Hobart bought Mattie Nutwood, Glenview Belle, 2:20, Trousseau and a filly out of her by Bell Boy. The lot cost Mr. Hobart close to \$35,000, and are worth the money.

This is electioneer's year. Bell Bird (1), 2:26, holds the world's record for that age, and is likely to keep it for some time. Arion, 2:14, holds the record for two-year-olds. Sunol, 2:08, holds the word's record for the fastest mile ever trotted, and from present indications Electioneer will have close to 100 representatives in the 30 list before the first of next January. By the records he is the greatest sire that ever lived, and his sons and daughters are throwing speed with as much uniformity.

\$10

Will buy choice of twenty different colors of All-Wool Kersey Overcoats—every one a gem. We have made a special effort to place these coats on the market at that price, and you will find them excellent values. There is not one in the entire lot that you can buy elsewhere for less than from \$13 to \$15. We have searched the markets to find just such overcoats as we now offer and are satisfied that you will be pleased with the quality, style and price. Do not be led off by false gods. No doubt there will be imitators who will advertise just as good an overcoat for \$9.75 or \$9.87, but do not be deceived: AS GOOD AN OVERCOAT AS WE OFFER CAN'T BE PRODUCED FOR LESS MONEY.

THERE IS NO MISTAKE ABOUT IT!

We have the BEST boot in the market. This is a broad assertion, but we honestly believe that there never was a lot of boots in this section of the country as good as our "OAK TAN COARSE-FINE BOOTS." There are hundreds of our customers who have bought them that believe the same way. If you have't tried a pair, now is your chance. Come and examine them.

L. B. RINGOLD, Mt. Sterling, Ky.

LAND, STOCK AND CROP.

North Dakota's wheat crop is 50,000,000 bushels, worth \$40,000,000. Her population is 200,000.

Andrew and John English shipped to New York on Wednesday 130 head of export cattle, and one car-load of fat hogs.

Warren Stoner sold the chestnut gelding, Stoner Boy, 2:26, to Joe Bryan for I. E. Madden for \$1,700.—Paris Record.

H. G. Hurt and Dan Holleran sold to Thos. Cormidy on Tuesday three barns of tobacco, one at an average of 8 cents, one at 6 cents and the other at 5 cents, to be delivered as soon as stripped.

The colt Arion, at Stockton, Cal., Wednesday broke the two-year-old mile record by going the distance easily in 2:14. The yearling filly, Belle Bird, also broke the yearling mile record, her time being 2:26.

Vic H. was a green mare last year, making her debut at Willows, Cal., August 12, 1890, in the 3:00 class, which she won, taking a record of 2:25. Now she has a record of 2:13, as well as the distinction of having trotted the second fastest three heats ever made in a race.

In a match race at Nashville, Wednesday, the great pacer, Hal Pointer, was easily beaten in three straight heats by Direct. Pointer, the Tennessee horse, was very heavily backed by home people. The boys will have to get a new supply of the needful before they can back another home horse.

Capt. T. W. Bottom reports: At the sale of personalty belonging to James Cloyd, Saturday, in Mercer county, wheat in 25 bushel lots sold for \$1.15; corn in field, \$1.20; 2-year-old mules, \$70. He also sold the farm of S. A. Bradley, 100 acres, six miles from Perryville, on the Macksville pike, for \$15.45 per acre.—Danville Advocate.

Forester Reid bought 35 mule colts of various parties at an average of \$45.50. . . J. H. Swope bought of Johnson, of Boyle, 26 head of 3-year-old cattle at 3 cents. . . J. S. Owsley, Sr., sold to Gentry, of Boyle, 58 head of shipping cattle at 3 cents and 12 New York cattle at 5 cents. All for November delivery.—Interior Journal.

Sunol beat the world's record on the kite-shaped track at Stockton, Cal., Tuesday, making a mile in 2:08, beating Maud S.'s time half a second. It was the gamest finish against time ever seen on a race track, and the mare seemed to be proud of the performance. Six timers compared their watches and they were exactly the same, 2:08. There were no watches on the ground to dispute the correctness of the record, except to make it faster by a quarter of a second.—[Ex.]

C. C. Leer & Son declared their public sale off, last week, on account of slow bidding on the first jack offered, but they sold eleven at private sale, at fair prices.

Mr. R. W. Owen will have five carloads of black Galloway cows and

heifers to arrive here from Missouri to-morrow night. He says that these are the coming cattle for this section. They mature early and are hardy. Their hides, when dressed, sell for \$40 in the West, for robes. They are prettier than buffalo robes.—Bourbon News, October 23d.

W. H. Fletcher reports the sale of J. W. Burroughs, assignee of James M. Hon, on Wednesday last, as follows: Brood mares \$30 to \$145; aged mules \$75 to \$120; yearling mules \$50 to \$60; mule colts \$68 to \$72; one stallion \$80; milch cows \$15 to \$30; hay, timothy and clover, brought \$8 to \$16 per stack; corn per barrel in the field, \$1.81 to \$2.10; millet \$8 to \$14.25 per stack; farming implements sold well. Large crowd in attendance, and the bidding was spirited, and the sale an unusually good one.

The following are among the sales of tobacco made in Louisville by Montgomery county people the past week:

Tuesday—11 hds. leaf, lugs and trash \$10.75 to \$2.50. 22 hds. leaf, lugs and trash, \$18.85 to \$4.20. 3 hds. lugs and trash, \$7 to \$3.30. 5 hds. lugs and trash, \$6.70 to \$5.

Wednesday—4 hds. leaf, \$21.50 to \$18.75. 4 hds. leaf, \$28.50 to \$18.75. 2 hds. lugs, \$16.50 to \$15. 25 hds. lugs and trash, \$9 to \$2.70.

Thursday—10 hds. leaf and lugs, \$18 to \$3.80. 4 hds. leaf, \$17 to \$10.50. 2 hds. lugs, \$4.20 to \$4.

Friday—3 hds. leaf, lugs and trash, \$12.75 to \$4.05.

L. W. Hudson bought in Kansas City, last week, a car-load of Missouri mules for the Southern trade, at \$155 per head. He says they were extra broke, smooth mules, with the genuine "old Kentucky look." It appears that the Missouri men have profited in their purchases of Boyle county jack stock. They weighed as high as 2,800 pounds to the pair. . . The sale of the Withers estate took place Wednesday, and the prices realized were not altogether satisfactory. The farm, containing about 200 acres, was purchased by Garland Withers, one of the heirs, now living in Russellville, for \$28.50 per acre. Notwithstanding the improvements are poor, this was considered a very low price for the place, and it in no way represents the average value of Boyle county land.—Danville Advocate.

Dr. McVean arrived in the city last night after a tour of the country. The Doctor resides at Armour, S. Dak., and has much to tell about that region. "A few days ago," he said, "the people, among the number myself, witnessed a remarkable phenomenon seen in that or any other portion of the United States. The phenomenon consisted of the appearance of the northern lights under remarkable circumstances. The lights formed a regular rainbow and appeared at night. The bow extended the whole length of the horizon and was thirty feet wide. Everything was seen on the broad prairie just as if it had been lit up by electricity. The old settlers claim that such a thing was noticed in 1862, but not since."

Louisville Tobacco Market, Furnished by Glover & Durrett—Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 2,516 hds., with receipts for the same period of 455 hds.; sales on our market since Jan'y 1st, amount to 135,897 hds. Sales of the crop of 1890 on our market to this date 94,977 hds.

The sales of this week have not been large but we have had liberal offerings with slight increase in strength on the medium grades of burley. The fine grades of burley continue to be taken at good prices. The new crop comes in very slowly, only a few hogheads having been offered to this date. With favorable weather conditions for handling, we expect to see liberal shipments of the new crop before the close of the year. The following quotations fairly represent our market for old burley tobacco: Trash (dark) or damaged tobacco \$2 to \$3. Colory trash - - - - - \$3 to \$6. Common lugs not colory, - \$3 to \$4. Colory lugs, - - - - - \$6 to \$10. Common leaf, - - - - - \$5 to \$7. Medium to good leaf, - - - \$7 to \$12. Good to fine fillers, - - - \$12 to \$22. Select wrappery tobacco, - \$22 to \$33.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be Consumption, and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, coughs and colds, and at that time was not able to walk across the street without resting. He found, before had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any throat, lung or chest trouble, try it. We guarantee satisfaction. Trial bottle free at W. S. Lloyd's drug store.

Cincinnati Live Stock Market.

Saturday, Oct. 24.—Cattle—Receipts 1,200 head head; shipments 300; market easy; fair to choice butcher grades \$2 to \$3.75; prime to choice shippers \$3.50 to \$4.75.

Hogs—Receipts 2,80 head; shipments 1,500; market stronger; common and light \$3 to \$4.15; packing and butchers \$4 to \$4.35.

Sheep—Receipts 560 head; shipment 660; market steady; common to choice \$2.25 to \$4.50; extra fat wethers and yearlings \$4.65 to \$4.75.

Lambs—In light demand; common to choice \$2.25 to \$4.50 per 100 lbs.

The last week of the campaign opens to-day, and from New York, Massachusetts, Ohio and Iowa the reports are of good cheer. Each of the gubernatorial candidates is confident of election, and Gov. Boies, of Iowa, writes that he has his opponents on the run. Mr. Flower says he will defeat Fassett by 20,000 plurality, while Gov. Russell is hopeful over his prospects.—Courier-Journal, Oct. 26.

Isaac Tokowsky, a Russian-Jewish emigrant, who landed at New York a few days ago, surprised the officials when asked of his ability to support himself, by displaying cash and letters of credit to the amount of \$26,000. His appearance indicated extreme poverty.

The town of Meiringen, in the Canton of Berne, Switzerland, has been almost entirely wiped out of existence by fire. Two hotels alone mark the location of this prosperous town of 4,000 inhabitants.

J. M. Weaver, for years Land Agent of the Little Rock and Ft. Smith railroad, of Van Buren, Ark., is alleged to be an embezzler. It is said that his stealings will run into the tens of thousands.

TREATMENT BY INHALATION!

1529 Arch St., Philadelphia, Pa.

For Consumption, Asthma, Hay Fever, Bronchitis, Dyspepsia, Catarrh, Headache, Debility, Rheumatism, Neuralgia AND ALL CHRONIC & NERVOUS DISORDERS.

It has been in use for more than twenty years, thousands of patients have been treated, and over one thousand physicians have used it and recommend it—a very significant fact.

It is agreeable. There is no nauseous taste, nor after-taste, nor sickening smell.

"Compound Oxygen—Its Mode of Action and Results," is the title of a book, of 200 pages, published by Drs. Starkey & Palen, which gives to all inquirers full information as to this remarkable curative agent, and a record of surprising cures in a wide range of chronic cases—many of them after being abandoned to die by other physicians. Will be mailed free to any address on application.

Drs. STARKEY & PALEN

1529 Arch St., Phila., Pa.

120 Sutter St., San Francisco.

Please mention this paper.
